

Comfort365 Communicating, Programmable Thermostat

The Comfort365 automatically controls heating, cooling and AIRFLOW in two-story homes and provides upstairs and downstairs comfort in all seasons without a zoning panel.

The C365 thermostat monitors the downstairs and upstairs temperatures and automatically adjusts the modulating dampers so that more airflow is directed to the area that needs it for a uniformly comfortable home.

- Connects to the WH11 or WH32 Wiring Hub using existing or new 4-conductor thermostat cable.
- Compatible with gas/electric equipment with 2H/2C or conventional or dual fuel heat pumps with 3H/2C.
- 5/2-Day programmable.
- High definition, 8.90 sq. inch touch screen display
- Size - 4.68 in. x 4.30 in. x 1.07 in.
- Easily upgrade to WiFi version using the same subbase.
- 5-Year Warranty.
