

FC2T Wired Fan Control Board

The FC2T works with the T511FC and T511FCWF thermostats to control whole house fans. The control board is provided on a metal plate that installs in the electrical box on the whole house fan. Provides 1 or 2-speed control of PSC or ECM fan motors or variable speed control of ECM motors using the PWM input.

Specifications

Compatible Thermostats
T511FC and T511FCWF

Compatible PSC Fan Motors
1 or 2-speed operation with optional speed staging.

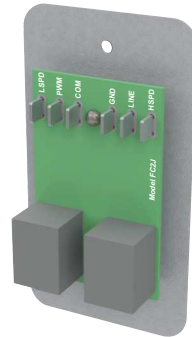

Compatible ECM Fan Motors
1 or 2-speed operation or variable speed operation with ramping for quiet operation and optional speed staging.

ECM Variable Speed Control
Uses PWM signal.

Installation
Installs in WHF electrical box. Connects to thermostat using thermostat wire.

FC2J Plug & Play Fan Control Board

The FC2J works with the WH42 and WH42H Wiring Hubs to control whole house fans. The control board is provided on a metal plate that installs in the electrical box on the whole house fan. Provides 1 or 2-speed control of PSC or ECM fan motors or variable speed control of ECM motors using the PWM input.

RJ11 Connector is on opposite side.
25-foot cable provided with each control.

Specifications

Compatible Wiring Hubs
WH42 and WH42H

Compatible PSC Fan Motors
1 or 2-speed operation with optional speed staging.

Compatible ECM Fan Motors
1 or 2-speed operation or variable speed operation with ramping for quiet operation and optional speed staging.

ECM Variable Speed Control
Uses PWM signal.

Installation
Installs in WHF electrical box. Connects to wiring hub using 25-foot cable provided with each control.

RLY24D Wired Fan Control Board

The RLY24D works with the T511FC and T511FCWF thermostats to control whole house fans. The control board is provided on a metal plate that installs in the electrical box on the whole house fan. Provides control of single speed PSC or ECM fan motors.

Specifications

Compatible Thermostats
T511FC and T511FCWF

Compatible PSC Fan Motors
Single speed operation.

Compatible ECM Fan Motors
Single-speed operation.

Installation
Installs in WHF electrical box. Connects to thermostat using thermostat wire.

5-Year Warranty

All products have a 5-year warranty, limited to the repair or replacement of the product due to defective material or workmanship.
